Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all coauthors, if any, as well as by the responsible authorities at the institute where the work has been carried out; that, if and when the manuscript is accepted for publication, the authors agree to automatic transfer of the copyright to the publisher; and that the manuscript will not be published elsewhere in any language without the consent of the copyright holders.

All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and distribute the article (e.g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher.

The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.

While the advice and information in this journal is believed to be true and accurate at the date of its going to press, neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA: Photocopies may be made for personal or in-house use beyond the limitations stipulated under Section 107 or 108 of U.S. Copyright Law, provided a fee is paid. All fees should be paid to the Copyright

Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0256-7040, the volume, and the first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publisher.

The Canada Institute for Scientific and Technical Information (CISTI) provides a comprehensive, world-wide document delivery service for all Springer-Verlag journals. Contents of Volume 10 • 1994

(Italic page numbers indicate abstracts)

- Abbott R: Physical and functional outcome 5 years after rhizotomy 401
- Abbott R, Laurent JP, Judge D, Cheek WR: Survival of split calvarial bone grafts in a dog model 249
- Abbott R → Wisoff JH
- Abdollahzadeh M, Hoffman HJ, Blazer SI, Becker LE, Humphreys RP, Drake JM, Rutka JT: Benign cerebellar astrocytoma in childhood: experience at the Hospital for Sick Children 1980–1992 380
- Abdulrahman M → Mircevski V
- Abe H → Chono Y
- Abe H → Houkin K
- Abe H → Tokoro K
- Achouri M → Genitori L
- Adeloye A, Monsour MN: Acute subdural haematoma in a neonate 279
- Agostini S → Longatti PL
- Agrawal A → Muraszko KM
- Akatsuka A → Takei F
- Akoka S → Tranquart F
- Al Moutaery KR → Al-Amiri NH
- Al-Amiri NH, Gonog M, Chaudhri KA, Al Moutaery KR, Choudhury AR: Avoidable factors that can contribute to shunt complications in childhood hydrocephalus 412
- Albert F → Aschoff A
- Albright AL: Current treatment of spasticity 482
- Allen J → Constantini S
- Alvarez H → Rodesch G
- Alvarez Sastre C → Villarejo F
- Amacher AL: Shunt infection risk 284
- Amat D → Pelissou-Guyotat I
- Amaya C → Villarejo F
- Andar U → Watkins L
- Arai H → Sato K
- Arai H → Suda K
- Aranda G: A proposed grading and scoring system for spina bifida: Spina Bifida Neurological Scale (SBNS) 77
- Arnaud E → Cinalli G
- Asamoto M, Ito H, Suzuki N, Oiwa Y, Saito K, Haraoka J: Transient mutism after posterior fossa surgery 275
- Aschoff A → Benesch C
- Aschoff A, Benesch C, Hashemi B, Fruh K, Kremer P: Sophy versus Medos-Hakim valve: a laboratory comparison of 24 adjustable valves 476
- Aschoff A, Hahn M, Albert F, Kunze S: Report of 62 operated cavernomas and review of 1060 cases in the literature 494
- Aschoff A → Kremer P
- Aschoff A, Kremer P, Fruh K, Hashemi B, Kunze S: Orbis-Sigma valve: results in four long-term-tested valves and a critical comment on the concept of "flow-controlled valves" 474
- Aschoff A, Tronnier V, Albert F, Kunze S: Review of 3600 operations on syringomyelia (87 personal cases), with special reference to unsolved problems 476
- Assimakopoulos D → Danielides V
- Aulisi E → Chaddock WM
- Ault C → Bruce DA
- Auque J → Marchal JC
- Balestrini MR → Micheli R
- Balestrini MR, Micheli R, Giordano L, Lasio G, Giombini S: Brain tumors with symptomatic onset in the first two years of life 104
- Balestrini MR → Pluchino F
- Barbato N → Derrington EA
- Barszcz S → Roszkowski M
- Barszcz S, Roszkowski M, Daszkiewicz P, Walencik A: Incidence of overdrainage syndromes in the treatment of hydrocephalus with differential pressure and flow control valves 474
- Basauri L, Selman JM, Concha E: Tethered cord syndrome 407
- Basdevant C → Delalande O
- Basha A → Prasad VSSV
- Basile L → Mancuso P
- Basile LA → Iannetti P
- Basterrechea F → Villarejo F
- Battistella PA → Drigo P
- Bayston R → Brydon H
- Bazmi B → Reigel DH
- Beauchesne P → Fotso MJ
- Becker LE → Abdollahzadeh M
- Begnozzi L → Benassi M
- Behrens E → Zentner J
- Belin MF → Derrington EA
- Belin MF → Giraudon P
- Benassi M, Begnozzi L, Carpino S, Valentino V: Magnetic resonance guided radiosurgery in children: tridimensional extrapolation from isodose neuroimaging superimposition 115
- Bencosme JA → Villarejo F
- Bender A → Marchal JC
- Beneš V Jr: Vein of Galen aneurysm and its relation to the normal perfusion pressure breakthrough theory 416
- Benesch C → Aschoff A
- Benesch C, Friese M, Aschoff A: Four-year follow-up study of 146 patients with programmable Medos-Hakim valve shunt system 475
- Berard C → Sindou M
- Berger MS → Hinz AC
- Berger MS, Hinz AC, Ojemann GA, Do-drill C: Utility of the intracarotid amygdal procedure in determining hemispheric speech lateralization in pediatric epilepsy patients undergoing surgery 401
- Bernard A → Giraudon P
- Bernes S → Moss SD
- Berney J, Favier J, Froidevaux A-C: Paediatric head trauma: influence of age and sex. I. Epidemiology 509
- Berney J, Froidevaux A-C, Favier J: Paediatric head trauma: influence of age and sex. II. Biomechanical and anatomical correlations 517
- Berson M → Tranquart F
- Bertrand O → Fischer C
- Bhagwati SN, Deopujari CE, Parulekar GD: Management of craniopharyngioma in children 496
- Bhagwati SN, Parulekar GD, Deopujari CE: Optic pathway gliomas in children 403
- Bigio M del → Chumas P
- Blanks J → Foltz EL
- Blazer SI → Abdollahzadeh M
- Blond S → Hladky J-P
- Bloom KK, Nazar GB: Functional assessment following selective posterior rhizotomy in spastic cerebral palsy 84
